# 2021 COLLECTION

## SANITARY WARES

Perfection, Perception, and Performance, when the three combine, gives birth to something new, acceptable, and truly not believed before.

For years, Sanitaryware markets have been selling the same kind of products. With a theme of Freshness, in the mind and zeal to be ahead of the market, SNOB SANITARY, is presenting the fresh and colorful assortment of sanitaryware delights.

It has been very challenging. Our team had to go beyond their traditional thinking to roll out these exciting designs that have been never before been manufactured in India. This collection is the union of lots of beautiful design aspects coexisting into one.

In a nutshell, taking quality and customer satisfaction as the base of brand name, maintaining the lead of Ceramic Sanitary Industry of fashion and design, taking the concepts of the time on the basis of unique style to drive the business, SNOB SANITARY plays a vital role in supplying unmatched quality products along with best service through our esteemed dealers.

## WATER SAVING

Our WCs have a special bowl structure and are specifically designed to flush with both lower (2.5/4 litre) and typical (3/6 litre) water volumes.

By using less water, these water saving WCs benefit you and the environment. All Home Decor standard height wall-hung frames come with dual flush function as standard in both 2.5/4 litre and 3/6 litre options.

## SPACE SAVING

A wall-hung WC takes up less room than a conventional WC, and the concealed installation offers flexibility in confined spaces. The range of compact WCs have shorter projection, saving even more space.

## ACCESSIBLE

These products are wheelchair accessible and provide enhanced convenience in the bathroom.

## RIM-LESS WC pan

### RIM-LESS TECHNOLOGY

Offering effortless cleaning and innovative, hygienic design. Home Decor's rimless WC pan eliminates the areas where germs gather and multiply, giving a superior level of hygiene.

### WASHBASIN FORMS

Washbasins can be used with a pedestal as well as being wall-hung. Basins suitable for use with a counter top can be fitted in three alternative ways:

### FISCHER

A simple, elegant installation system for use with wall-hung WCs. The fixings are hidden from sight by the use of internal ABS sleeves, creating a clean, smooth design.

**WALL HUNG BASIN**

As per shown in the picture, the rag bolt must be grouted into the cement/concrete wall. The bolts must be fixed to the cement/concrete wall. Allow setting & checking than install it using nut and washer.

**COUNTER WASHBASIN**

At the beginning

1. A skilled or experienced person should install counter lavatories.
2. Avoid using adhesive with this product.
3. Check the waste area and supply tubing if required.
4. Do not open the lavatory from its protective carton until you are ready for installation.
5. Please follow all local building and plumbing codes.

**MATERIAL & TOOLS**

Measure tape, Keyhole or saber saw, Hammer, Glasses, Rags or Paper toweling, Drill (1/2 dia, drill bit or larger), Pencil, sealant, sharp knife or scissors.

**INSTALLATION OF LAVATORY**

Please Note : Please install it in a way that future removal from underneath the counter top is possible without damaging the counter top.

1. Please check the desired location for clearance between the back splash, faucet, Fixture and cabinet.
2. Please cut the template.
3. Please carefully trace the template on the counter top directed.
4. Please mark the faucet hole centerline on the counter top.
5. Please drill a 1/2" pilot on the inside of the cut line.

**For Wood Counter tops:**

1. Mark and per-drill the wood screw holes at the locations shown on the template.
2. Waterproof any exposed areas of wood.

**For Marble Counter tops:**

1. Position the counter top upside down on foam padding to protect the surface. Mark and drill 3/6" holes 5/8" deep at the locations shown on the template.
2. Use a setting tool and hammer to secure the anchors.

**For All Installations:**

1. If the counter top has not been installed, install it at this time.
2. Drill the faucet holes according to the faucet installation instructions.
3. Install the faucet to the counter top according to the manufacture's instructions.
4. Install the drain to the lavatory according to the manufacture's instructions.

**MAINTENANCE**

Like any other part of your house, the bathroom can be made to look great and made to last long if it is taken care of regularly. To make your bathroom beautiful here are some invaluable tips.

**Wash Basin :**

A mild detergent can be used to wash the basin at least once a day. After washing, the basin should be wiped out clearly to avoid water stains.

**Closets :**

Cleanser like Harpic can be used to clear the closet with soft plastic brush, at least once a day.

To avoid minute discoloring, after flushing the toilet give it a once over with the soft brush.

Keep the toilet brush handy in a convenient stand nearby.

In case of toilets and basins, if there has been no maintenance since long period of time, water deposits and discoloration can form on the surface of areas that get wet. In such cases, these stains/marks can be removed with the help of a solution of dilute hydrochloric acid.

Clean with a soft cotton cloth and warm water with soap.

Do not use thinner, day cleaning liquids or powder paste. Use a liquid cleaner at least twice a week.

Use brasso or car rubbing compound and then polish with a cloth to remove fine scratches.
